

****1. Which are your top livability criteria?****

1. Job opportunities
2. Housing
3. Health Care
4. Infrastructure
5. Recreation Possibilities

****2. Why do we live where we live?****

I am living in Gdańsk, Poland.

1. Infrastructure - a well-developed city with the international airport, international ports, universities, new hospitals, good railway connections,

2. Job opportunities - no problem to find a job,
3. Safety - I am not afraid to walk in my city during the night, it is open to all people and the most respectful in the whole country,
4. Environment - it is surrounded by the city from one side and by Nationalpark from the other side, there is no problem with bad air,
5. Recreation Possibilities - everyone can find something to do, there is an old town, there is an industrial area, a lot of different festivals.

****3. To what extent does your own place of residence fulfil your ideal livability criteria?****

![Gdańsk Old Town][7]

1. Infrastructure - 82/100
2. Job opportunities - 85/100
3. Safety - 89/100
4. Environment - 73/100
5. Recreation Possibilities - 81/100

General score - 84/100

****4. What would you change?****

The first thing would be the transportation system. One transportation system with one ticket for the whole metropolitan area.
